

Dear Customer

Camborne Post Office®
15 Chapel Street, Camborne, TR14 8EQ

Local public consultation decision

I'm writing to confirm that, following a period of local public consultation and review, we have made the decision to proceed with the proposal to move the above Post Office into WHSmith, at 9-11 Commercial Square, Camborne, TR14 8AT, where it will be operated by WHSmith High Street Ltd. I am also pleased to advise that in addition to Sundays, opening hours have been extended further to those detailed in our proposal letter to include earlier opening from Mondays through to Saturdays.

I would like to thank everyone who took the time to let us have their comments and provide information. All the feedback we received helped us to better understand the views of customers and their representatives and this was taken into account, along with all other relevant factors, in making our decision. A summary of the key issues raised in the consultation and our response to each of them is enclosed, along with an information sheet providing further details about the new branch.

After careful consideration of the feedback received, we remain confident that the new branch will continue to meet customer needs and deliver an excellent service, whilst securing the long-term viability of Post Office services in Camborne.

The current branch will close at 17:30 on Wednesday 21 August 2019, with the new branch opening at 08:30 on Thursday 22 August 2019.

You can also find a copy of this letter on our website at postofficeviews.co.uk. When entering the website you will be asked to enter the code for this branch: **011555**

Posters will now be displayed in branch to let customers know about this decision.

Yours faithfully

A handwritten signature in black ink, appearing to read "Roger Gale".

Appendix A – Response to Local Public Consultation

Consultation started: 9 January 2019

Consultation ended: 20 February 2019

Consultation responses

- 16 responses from customers and local representatives

Customer forum event

Held on 7 February 2019 attended by 7 members of the public and a representative from the local MP's office.

Key issues raised

- Getting to the new location
- Parking
- Access within WHSmith
- Products and Services
- Customer service and staffing
- Impact on the local community and the future of the current building

Response to issues raised

Getting to the new location

With any relocation it is inevitable that whilst some customers will have an easier journey to the new location, regrettably others will have further to travel. We carefully considered factors such as the local terrain, parking or transport links when developing our proposal. We also took account of whether there were any particular local road traffic issues that may negatively impact accessibility.

The new branch will be located approximately 90 metres from the current branch, along varied terrain. Having carefully considered pedestrian and vehicular access to the new location, we remain satisfied that customers in Camborne will continue to have good access to Post Office services.

Parking

As the proposed premises are located close by the current branch, customers would be able to use the same local transport and parking facilities. There is time restricted parking along Commercial Street and Trellowaren Street. With the aim of further supporting customers, we would inform the local authority of the change and explore what steps can be taken to improve access for customers, such as the provision of a designated disabled bay in the close vicinity of the branch.

Access within WHSmith

The new branch will operate from a newly built dedicated open plan Post Office area within the WHSmith store located on the mezzanine level of the premises to the left hand side. The Post Office area can be accessed by eight steps with a handrail or a disabled access lift. However if for any reason customers are unable to access the mezzanine level, alternative arrangements to access Post Office services would be put in place from a designated till point at the ground floor retail counter as required. These arrangements would enable customer access to all of the services normally available upstairs except for a small number of high value services such as business banking and foreign currency.

Customer access both into and within the store will meet Post Office Ltd's own accessibility standards and all applicable legislation. Access into the store is level and automatic doors will be installed at the entrance. There will be directional signage from the entrance through to the new Post Office area. To make sure there is sufficient space for Post Office customers, including wheelchair users, to move around the store and reach the Post Office area without hindrance, the entrance areas and shopping aisles will be kept free of obstructions. The Post Office counter will be built to Post Office specifications and will include lighting to industry standards, low level counters, PIN pads and hearing loops. There will be space for people to wait for service and customer seating will also be provided.

We recognise that some customers, particularly wheelchair users and those with limited mobility, would like additional reassurance about how easy it will be for them to move around the WHSmith store and get to the new Post Office area. Therefore, before the move, we'll also be contacting local disability groups to take them through the layout of the new branch.

Products and Services

A wide range of services would still be available at the branch, with the exception of the Applicant Enrolment Identification for DVLA Photocard Driving Licence renewal and Security Industry Authority (SIA) licence application services. The nearest branch providing these services will be Redruth Post Office, 61 Fore Street, Redruth, TR15 2AA, approximately 6.3 miles away.

Customer service and staffing

There will be four counter serving positions which has been based on current and forecast future business levels; three open plan positions and one traditional floor to ceiling screened position which will also provide travel money services. Following the move, the Post Office will be open on Sundays, and have earlier opening on Mondays to Saturdays, providing customers with more flexibility around their visits. We will continue to monitor service demand in the Camborne area, along with customer usage at the new branch following the move and will work with WHSmith to make sure service standards are maintained.

In respect of the team working at the current branch, we have a strong track record of supporting our people through change. We will do all that we can to find a solution that works for each individual within the options available.

Any person employed to work in the new Camborne Post Office will be trained to the highest Post Office standards and, just as with branches we run ourselves, the branch staff will receive on-going training on products and services, as well as general operational and service related matters. Post Office Area Managers will work with WHSmith and the branch team to provide support, in the same way they already do in existing Post Office branches operated by us or other retail partners.

Impact on the local community and the future of the current building

The current building along with the delivery office is the property of Royal Mail and is leased to Post Office. Although we are a separate business and not privy to any Royal Mail plans, we are not aware of any plans to move or close the delivery office. We will also discuss the future use of our part of the building with them, following our exit.

The Post Office and WHSmith benefit from each other's service range and customer footfall. We are both an integral part of services provided on the high street across the UK and both absolutely committed to providing excellent customer service. We believe the best approach to retaining this branch, so it can continue to serve its community effectively and sustainably, is to transfer to a third party retailer. WHSmith already successfully operate over 180 Post Office branches to very high standards. We are confident that Camborne Post Office will meet those same high standards.

Principles of Community Engagement on changes to the Post Office network

We are committed to engaging and supporting our customers and their representatives as we make changes to the Post Office network. The following principles will be adopted when communicating about changes to your local Post Office branch.

We will **Notify** - where we are informing customers of changes around:

- Opening hours
- Temporary closure¹/ temporary service interruption
- Re-opening of a temporarily closed branch in the same site
- Opening a new branch unrelated to a previous closure
- Location used by a Mobile Post Office within a community

We will display a poster in branch (or nearby if appropriate) to notify customers of the above changes, providing four weeks' notice. Where four weeks' notice is not possible, we will provide notice as soon as we are able to. For temporary closures we will include details of the nearest alternative Post Offices and our customer helpline/textphone.

We will **Engage** - where we are seeking feedback on a decision that has been made on:

- Re-opening of a temporarily closed branch in a new location (where the branch has been closed for more than three months)
- Franchising of a Directly Managed branch in its existing site

While the decision to proceed will have already been made, we will welcome suggestions about specific aspects of the change such as access arrangements and the internal layout. We will provide four weeks' notice or, where extenuating circumstances prevent this, we will provide as much notice as possible.

During this period we will display a poster in branch and provide information online. We will contact locally elected representatives², the Consumer Advocacy Bodies and selected charities³, providing clear information on any changes to services or access arrangements at the branch. We will ask locally elected representatives to share information with other key community outlets (such as notice boards, local charities, magazines, GP surgeries etc.). We will publish the outcome of the engagement online and in branch, providing a summary of key issues raised with a clear response to each and any changes made to our original plans.

We will **Consult** - where we are seeking feedback on proposals prior to a decision being made on the:

- Permanent closure of a Post Office branch⁴
- Permanent relocation of a Post Office branch (including the franchising of a Directly Managed branch to a new site)

We will carry out a six-week⁵ local public consultation, informing customers, locally elected representatives, Consumer Advocacy Bodies and selected charities of the proposal. This information will also be made available online and for a Directly Managed branch a press release will be issued to local media. We will ask locally elected representatives to share information with other key community outlets (such as notice boards, local charities, magazines, GP surgeries etc.).

The consultation will ask specific questions on areas where we would like feedback on access to Post Office services and will confirm when the change will happen if the decision is made to proceed. We will provide clear information on any changes to services as well as access to and into the new branch.

We welcome all feedback with the following factors being taken into account in making our decision, which we expect to make within four weeks of the close of consultation:

- Customer access to, into and inside the new or alternative branch/branches with particular regard to vulnerable consumers
- Any local community issues which could be affected by or affect the proposal

At the end of the consultation process we will write to locally elected representatives, Consumer Advocacy Bodies and respondents to the consultation (where practical) to confirm our decision and provide a summary of key issues raised with a clear response to each. This information will be made available online and in branch (where possible).

These Principles have been agreed with Citizens Advice, Citizens Advice Scotland and the General Consumer Council for Northern Ireland; the independent statutory consumer watchdogs.

What to do if you feel these Principles haven't been followed:

Please get in touch so we can investigate your complaint. We'll explain in our reply whether we believe we have followed our Principles of Community Engagement and will provide you with the contact details for the relevant consumer watchdog (Citizens Advice, Citizens Advice Scotland or the Consumer Council for Northern Ireland) if you're not satisfied with our response. The watchdog will independently assess whether we have followed the Principles of Community Engagement process (rather than the decision itself) and recommend any actions with respect to the complaint.

¹We will provide an update to locally elected representatives if the status of the temporarily closed branch has not changed after 12 months.

² Locally elected representatives include but are not restricted to the Member of Parliament, Scottish Parliament, Welsh Assembly, or Northern Ireland Assembly, Local Authority Chief Executive, Ward Councillors, Parish or Community Council.

³ Selected charities are local Citizens Advice, Age UK, Northern Ireland's Disability Action and Northern Ireland's Rural Community Network. All parties referred to in 2 and 3 above are encouraged to share all information with local groups and organisations who they believe have an active interest in changes to their local Post Office.

⁴ There may be a small number of cases where due to circumstances outside our control we have no option other than to permanently close a branch in a particular location. In these cases the consultation will seek feedback on alternative Post Office service provision in the area.

⁵ If the consultation includes more than four weeks in July in Scotland and Northern Ireland or more than four weeks in August in England and Wales we will extend the period by one calendar week. We will not start any local public consultation during the two-week period which includes the Christmas and New Year bank holidays.
