

Houston Post Office® is changing

We recently asked your views on some key areas about our plans to change your Post Office to one of our new-look **local** branches. We received **5** submissions about the possible changes. While it's not possible to respond to each individual issue raised, a summary of the main comments we received is provided below.

We've now finalised our plans and your new-look Post Office is scheduled to open at the current location on Friday 10 August 2018 at 13:00. To make this change happen, the branch will need to close for refurbishment on Wednesday 1 August 2018 at 17:30.

We asked why you use this Post Office and what you like about it.

You said..... that you use this Post Office as it is conveniently located and the staff are friendly and knowledgeable. You also said that you use this branch for a wide variety of services.

You'll be glad to know that most of what you like about your branch won't change. Your new Operator is keen to provide the same high standard of service as is currently received. The new style local format is a simpler operating model than a traditional style Post Office. It is designed to handle products and services that are automated, meaning that customers can be served quickly and efficiently and transactions processed more quickly.

We asked for your comments about the changes to the branch.

You said..... that you welcome the changes to the branch.

We fully recognise people can be wary of change and we are pleased that you took the time to let us know what's concerning you. Your new Post Office counter will be located at the end of the retail till, on the back wall of the shop as you enter.

We asked for your comments about any changes to the opening hours.

You said..... that you welcome the longer opening hours. However some of you said that the current opening hours are sufficient.

When the new branch opens customers will benefit from longer opening hours:

Monday – Saturday 08:00 – 19:30

We already have over 2000 branches offering Post Office services in this new way. Feedback from customer satisfaction surveys supports that customers particularly like the longer opening hours the local style branch offers. This means that customers can choose to visit their local branch at times that suit their lifestyle better, whether this be first thing in the morning, during the day, or later in the evening, which also helps to spread customer visits throughout the day.

We asked if you have any comments about the change to the range of Post Office products and services at the branch if the change goes ahead.

You said.....that the removal of payments by cheque would be inconvenient for some customers. You also said you would like to see more stationery items available.

The new-style local format is a simpler operating model than a traditional style Post Office. It is designed to handle products and services that are automated meaning that customers can be served quickly and efficiently and transactions processed more quickly. You may need to go to an alternative Post Office for a small number of transactions which are more complex or manual, paper based transactions, like Parcelforce Worldwide International Parcels. But the majority of services will still be available, including the acceptance of Royal Mail international letters, parcels up to 2kg and printed papers up to 5kg.

The small number of services that will no longer be available at Houston Post Office will continue to be offered at Clippens Road Post Office.

We asked for your comments about the potential closure period during the refurbishment or access to other branches in the area.

You said.....that the potential closure period is acceptable providing it is kept to a minimum.

We recognise that even a short term closure will be inconvenient, for which we apologise. However we've been working with the postmaster to keep the closure to a minimum and we will ensure that the nearest alternative branches are displayed and publicised. We've also given you 2 weeks' notice of the closure period, so you have time to make necessary alternative arrangements.

We'd like to thank all those who took the opportunity to let us have their views about the changes.
