

Dear Customer,

Kingstanding Post Office®
25 Kingstanding Centre, Birmingham, B44 9HQ

Local public consultation

I'm writing to let you know that we are proposing to move Kingstanding Post Office to the vacant retail premises which was previously HSBC at 7 Kettlehouse Road, Birmingham, B44 9JJ, where it would be run by our new retail partner.

Why are we proposing this move?

This move is part of the continuing modernisation of our branch network. We believe the most effective way to secure the long term viability of Post Office services in Kingstanding is through a carefully selected retail partner, and we are confident that our proposal is the best way of safeguarding services for the community for years to come. The vast majority of our 11,600 Post Office branches, large and small, are successfully operated in this way with retail partners and we believe this is the best approach to keeping Post Offices in main shopping locations and at the heart of communities where they play in an important role in local economies.

Alongside modernising our branch network, we're continuing to develop our services to remain relevant for customers. As well as traditional mails and other services, today's Post Office network provides for the collection or return of online shopping, offers a 'click and collect' service for foreign currency available from over 3,500 branches and day-to-day banking for the majority of customers of UK banks - 99 per cent of UK personal banking customers and 75 per cent of business customers can now carry out day to day banking at any of our branches.

All of our current range of services would still be available at the branch in Kingstanding, with the exception of the Biometric Enrolment Service for the Home Office. The nearest alternative branches providing the Biometric Enrolment Service for the Home Office, are Birmingham Post Office, 1 Pinfold Street, Birmingham, B2 4AA and Walsall Post Office, Darwall Street, Walsall, WS1 1AA, both approximately 6.6 miles away. DVLA Photocard Driving Licence renewal and Security Industry Authority (SIA) licence application services would still be available at Kingstanding Post Office.

About our retail partner

Our new retail partners regard the Post Office network as a vital part of community services and have satisfied us that they would be able to successfully operate this Post Office branch and deliver excellent standards of customer service, with trained staff promoting products and services in a modern environment, over extended opening hours. They will incorporate a retail offer of greeting cards, gifts and confectionery to run alongside the Post Office.

All staff employed by our new partners would be trained to the highest standards with on-going training on products and services, as well as operational and service related matters.

The new Kingstanding Post Office branch

The new branch will be a bright, modern open-plan layout which will include a complete internal refurbishment, at the entrance there is a step and a ramp with a handrail and an automatic door. We have stringent standards to ensure good access for all customers and our plans for the new branch include a widened aisles, low-level counters, PIN pads, hearing loops and customer seating.

Directional signage will be provided from the entrance door through to the new Post Office area which will be within a dedicated area at the right-hand side of the store. There would be five serving positions, which has been based on current and forecast future business levels; two open plan positions, two traditional screened position which will also provide travel money services and an open plan service point at the retail counter. Open plan serving positions are successfully used across the Post Office network, as an alternative to the more traditional positions and still has a partitioned screen but this is lower, helping to provide for a more personal service and discreet conversations when needed. The serving position located at the retail till will offer customers a selected range of Post Office products and services, without having to join the main queue, over extended hours, providing customers access to services for an extra 5 hours a week.

What's next?

We're now starting a period of local public consultation and we'd welcome your views on the proposal. The change of management of the branch to one that is operated by a retail partner rather than by us directly is a commercial decision for Post Office Ltd and therefore we are not seeking feedback on this aspect of the change. However we welcome feedback and comments that can help inform our plans, particularly on the following areas:

- How easy is it to get to the proposed new location?
- Are the new premises easy for you to get into and are they easily accessible once inside?
- Are there any other local community issues which you believe could be affected by or affect the proposed move?
- If the move were to proceed is there anything we could do to make it easier for customers?

It's easy to let us have your feedback by completing our online survey via the following link postofficeviews.co.uk and entering the code for this branch **028201**.

Code of Practice for changes to the Post Office® network

What's a Code of Practice?

The Code of Practice contains guidelines we follow. They tell us how, and when to tell you about changes to your local Post Office services. We've worked with the independent statutory consumer watchdog on these guidelines, which in Great Britain is Citizens Advice and Citizens Advice Scotland, and in Northern Ireland, the Consumer Council.

What kind of changes does it include?

Information about when we're planning to move or close one of our branches or outreach services. This also covers information about when a branch has suddenly closed unexpectedly because of something like a flood or fire.

Who do we tell about changes?

You and your representatives (who are often local MPs or local authorities and councils).

How will we tell you what's happening?

If there's a minor change – like changing opening times, then we'll let you know by putting up posters in the Post Office. If the plan is to move a Post Office then we'll put up posters and hand out letters in the branch as well as writing to your representatives. We'll have a press release and, the relevant information will be easy to find on our website.

How long will it take?

We'll let you know about any changes as soon as we possibly can. Sometimes, change is out of our control but we'll try to keep you as up-to-date about what's happening as much as we can. We try to make sure you have 4 weeks' notice before anything happens. If we're going to make big changes, there'll be a 'consultation period' which lasts about 6 weeks. This means that you've got time to let us know how you feel.

It's easy to let us know what you think...

We want to hear what you and your representatives think about change and to make sure it's easy for you to let us know, all of our contact details can be found on all our posters and letters. You can contact us by email, letter or 'phone.

How will you find out about the final plans?

We'll be letting you know in as many ways as possible. There'll be posters put up in or around your local area, letting you know what's going on. We'll also write to local representatives and, the information will be on our website.

If you let us know what you think, we'll make sure you know about our final plans either by writing to you, or having the information easily available in the Post Office or on our website.

What can you do if you think we haven't followed the Code of Practice?

If you don't think we've followed the Code, then please write to us or email us via the contact details included in this letter and let us know why.

To have a look at the full Code of Practice, it's on our website at: www.postofficeviews.co.uk
