

Your new branch is due to open.

Mayfield Post Office
The Estate Office, High Street, Mayfield, TN20 6AE.

We recently asked your views on some key areas about our plans to restore the Post Office service in the local community. We received 173 responses all mainly positive, and the new branch is now due to open on Monday 25th November 2024 at 13:00.

Key points raised:

- Access
- Services
- Funding
- General - seating- dog friendly

Response to key points:

Access:

The new premises will have a wide door and a small step at the entrance. To improve access, an assistance bell will be installed at the entrance and there will be a clearly visible sign at the front of the premises for customers to ring for assistance. Both the bell and the sign will be accessible to wheelchair users.

Services:

The same products and services will continue to be available, and this includes Euros and Dollars Travel Money. There are currently no plans in install an ATM.

Funding:

This is a re-location with the current Postmaster. Post Office Limited have no dealings with the community group.

General:

There are no plans for customer chairs however, it may be possible for the Postmaster to arrange something for customers who may need it. Feedback has been passed on to the Postmaster regarding a dog friendly branch.

We do hope that you will enjoy using the new Post Office.

Principles of Community Engagement on changes to the Post Office network (extract)

A full version of this document is available on our Consultation Hub - postofficeviews.co.uk

We are committed to engaging and supporting our customers and their representatives as we make changes to the Post Office network. The following Principles will be adopted when communicating about changes to your local Post Office branch.

We will **Engage** - where we are seeking feedback on a decision that has been made on:

- Re-opening of a closed branch in a new location
- Franchising of a Directly Managed branch in its existing site where there will be changes to the Post Office service point location
- Relocating a branch where there is a risk that the service could be lost (e.g., an issue with the premises). This is to minimise or avoid a loss of service to a community where a replacement branch location has been Identified² and where there is no degradation of access to Post Office services (into and inside the premises).

While the decision to proceed will have already been made, we will welcome suggestions about specific aspects of the change such as access arrangements and the internal layout. We will provide four weeks' notice or, where extenuating circumstances prevent this, we will provide as much notice as possible.

During this period, we will display a poster in branch and provide information online. We will contact locally elected representatives³, the Consumer Advocacy Bodies and selected charities⁴, providing clear information on any changes to services or access arrangements at the branch. We will ask locally elected representatives to share information with other key community outlets (such as notice boards, local charities, magazines, GP surgeries etc.). We will publish the outcome of the engagement online and in branch, providing a summary of key issues raised with a clear response to each and any changes made to our original plans.

These Principles have been agreed with Citizens Advice, Consumer Scotland and the General Consumer Council for Northern Ireland, the independent statutory consumer advocacy bodies.

What to do if you feel these Principles haven't been followed:

Please get in touch so we can investigate your complaint. We'll explain in our reply whether we believe we have followed our Principles of Community Engagement and will provide you with the contact details for the relevant consumer advocacy body (Citizens Advice, Consumer Scotland, or the Consumer Council for Northern Ireland) if you're not satisfied with our response. The consumer advocacy body will independently assess whether we have followed the Principles of Community Engagement process (rather than the decision itself) and recommend any actions with respect to the complaint.

² Where there is a service risk situation that would result in the loss of service, to avoid or minimise a loss of service to a community we may need to make a commercial decision to proceed with a relocation of a Post Office branch. In these cases, we will not consult on a relocation, however we will follow the engagement process and seek feedback on access arrangements and the internal layout.

³Locally elected representatives include but are not restricted to the Member of Parliament, Scottish Parliament, Welsh Parliament, or Northern Ireland Assembly, Local Authority Chief Executive, Ward Councillors, Parish or Community Council.

⁴ Selected charities are local Citizens Advice, Age UK, Northern Ireland's Disability Action and Northern Ireland's Rural Community Network. All parties referred to in 3 and 4 above are encouraged to share all information with local groups and organisations who they believe have an active interest in changes to their local Post Office.
