#### **Response to issues raised**

##### **Access and Internal Space**

Before the new Post Office opens, the shop will undergo a full refurbishment inside and out, to include new flooring, ceiling and fixture and fittings. It's clear that the Post Office plays an important part in the lives of customers, particularly to older and disabled customers and we want to make our services as accessible as we possibly can. The new operator will also install a new shopfront at the entrance providing level access into the premises via new automatic doors at the entrance.

Internally the new branch will be in line with Post Office specifications, making sure there is sufficient space for the Post Office service to operate alongside the retail offer. We will be working closely with the new operator on the internal layout and some fixtures and fittings will be re-aligned or removed to make sure there is clear access into the premises, ensuring the entrance, aisles and the waiting area are kept free from obstructions and adequate room is provided for customers and a wheelchair to move around without difficulty.

##### **Security and Privacy**

Although the local style format is a different way of offering Post Office services, it does not compromise the professional service standards that we provide at all of our branches. We will also be working closely with the new operator to make sure an appropriate level of privacy is provided for Post Office customers. For example, we discuss issues like queue layout and asking customers to stand back from the counter whilst they are waiting for service or handing a receipt that contains any financial information face down. Open plan working also lends itself to more discreet conversations as customers don't have to raise their voice to be heard.

##### **Staff Training**

The staff training approaches used are of the same high standard as those undertaken in all our branches. This includes respecting customer confidentiality and adhering to the stringent security procedures which will be put in place to protect staff and customers. Additionally, any staff that will handle Post Office transactions will also have completed compliance training for a number of areas, including Data Protection and Mail Handling.

## **Principles of Community Engagement on changes to the Post Office network**

We are committed to engaging and supporting our customers and their representatives as we make changes to the Post Office network. The following Principles will be adopted when communicating about changes to your local Post Office branch.

We will **Notify** - where we are informing customers of changes around:

- Opening hours
- Temporary closure<sup>1</sup>/ temporary service interruption
- Re-opening of a temporarily closed branch in the same site
- Opening a new branch unrelated to a previous closure
- Location used by a Mobile Post Office within a community

We will display a poster in branch (or nearby if appropriate) to notify customers of the above changes, providing four weeks' notice. Where four weeks' notice is not possible, we will provide notice as soon as we are able to. For temporary closures we will include details of the nearest alternative Post Offices and our customer helpline/textphone.

We will **Engage** - where we are seeking feedback on a decision that has been made on:

- Re-opening of a temporarily closed branch in a new location (where the branch has been closed for more than three months)
- Franchising of a Directly Managed branch in its existing site

While the decision to proceed will have already been made, we will welcome suggestions about specific aspects of the change such as access arrangements and the internal layout. We will provide four weeks' notice or, where extenuating circumstances prevent this, we will provide as much notice as possible.

During this period we will display a poster in branch and provide information online. We will contact locally elected representatives<sup>2</sup>, the Consumer Advocacy Bodies and selected charities<sup>3</sup>, providing clear information on any changes to services or access arrangements at the branch. We will ask locally elected representatives to share information with other key community outlets (such as notice boards, local charities, magazines, GP surgeries etc.). We will publish the outcome of the engagement online and in branch, providing a summary of key issues raised with a clear response to each and any changes made to our original plans.

We will **Consult** - where we are seeking feedback on proposals prior to a decision being made on the:

- Permanent closure of a Post Office branch<sup>4</sup>
- Permanent relocation of a Post Office branch (including the franchising of a Directly Managed branch to a new site)

We will carry out a six-week<sup>5</sup> local public consultation, informing customers, locally elected representatives, Consumer Advocacy Bodies and selected charities of the proposal. This information will also be made available online and for a Directly Managed branch a press release will be issued to local media. We will ask locally elected representatives to share information with other key community outlets (such as notice boards, local charities, magazines, GP surgeries etc.).

The consultation will ask specific questions on areas where we would like feedback on access to Post Office services and will confirm when the change will happen if the decision is made to proceed. We will provide clear information on any changes to services as well as access to and into the new branch.

We welcome all feedback with the following factors being taken into account in making our decision, which we expect to make within four weeks of the close of consultation:

- Customer access to, into and inside the new or alternative branch/branches with particular regard to vulnerable consumers
- Any local community issues which could be affected by or affect the proposal

At the end of the consultation process we will write to locally elected representatives, Consumer Advocacy Bodies and respondents to the consultation (where practical) to confirm our decision and provide a summary of key issues raised with a clear response to each. This information will be made available online and in branch (where possible).

***These Principles have been agreed with Citizens Advice, Citizens Advice Scotland and the General Consumer Council for Northern Ireland; the independent statutory consumer watchdogs.***

*What to do if you feel these Principles haven't been followed:*

Please get in touch so we can investigate your complaint. We'll explain in our reply whether we believe we have followed our Principles of Community Engagement and will provide you with the contact details for the relevant consumer watchdog (Citizens Advice, Citizens Advice Scotland or the Consumer Council for Northern Ireland) if you're not satisfied with our response. The watchdog will independently assess whether we have followed the Principles of Community Engagement process (rather than the decision itself) and recommend any actions with respect to the complaint.

<sup>1</sup>We will provide an update to locally elected representatives if the status of the temporarily closed branch has not changed after 12 months.

<sup>2</sup> Locally elected representatives include but are not restricted to the Member of Parliament, Scottish Parliament, Welsh Assembly, or Northern Ireland Assembly, Local Authority Chief Executive, Ward Councillors, Parish or Community Council.

<sup>3</sup> Selected charities are local Citizens Advice, Age UK, Northern Ireland's Disability Action and Northern Ireland's Rural Community Network. All parties referred to in 2 and 3 above are encouraged to share all information with local groups and organisations who they believe have an active interest in changes to their local Post Office.

<sup>4</sup> There may be a small number of cases where due to circumstances outside our control we have no option other than to permanently close a branch in a particular location. In these cases the consultation will seek feedback on alternative Post Office service provision in the area.

<sup>5</sup> If the consultation includes more than four weeks in July in Scotland and Northern Ireland or more than four weeks in August in England and Wales we will extend the period by one calendar week. We will not start any local public consultation during the two-week period which includes the Christmas and New Year bank holidays.
