

Dear Customer

Local public consultation – Decision

Spalding Post Office
Unit 7A Winsover Centre, Winsover Road, Spalding, PE11 1EJ

I'm writing to confirm that following a period of local public consultation and review, we have made the decision to proceed with the move of the above Post Office into 21 Winsover Road, Spalding, PE11 1EG, where it will continue to operate as one of our main style branches.

I would like to thank everyone who took the time to let us have their comments and provide information. All the feedback we received helped us to better understand the views of customers and their representatives and this was taken into account, along with all other relevant factors, in making our decision. A summary of the feedback is enclosed along with an information sheet providing further details about the new branch.

After careful consideration of the feedback received, we remain confident that the layout and location of the new branch will continue to meet customer needs and deliver an excellent service, whilst securing the long-term viability of Post Office services in the local community.

The current branch will close at 17:30 on **Saturday 18 April 2026**, with the new branch opening, at 21 Winsover Road, at 13:00 on **Wednesday 22 April 2026**. If there are any unforeseen circumstances which mean these dates change, posters will be displayed in branch to let customers know.

During transfer of the branch customers requiring Post Office facilities may use any convenient Post Office service. Details of two alternative Post Office branch's are provided below for your convenience:

- Little London Post Office, 88 Little London, Spalding, PE11 2UJ
- Matmore Gate Post Office, Matmore Gate Road, Spalding, PE11 2PN

This information is also available on the Post Office Consultation Hub at: postofficeviews.co.uk

We're carrying out this notification in line with our Principles of Community Engagement. An extract relating to Consultation is available at the end of this letter.

Yours faithfully

Allison Wallace

- Parking/Traffic Congestion
- Serving Positions

Response to issues raised

Location

We can confirm the new branch will be located directly across the road with a walking distance, approximately 20 metres away from the current branch, along mostly level terrain. We believe this relocation is the most effective way to secure the long-term viability of Post Office services in Spalding. We can confirm pedestrian access to the new location, there are well maintained pavements, with dropped kerbs along the route from the previous site and there is a traffic light crossing outside leading to both premises.

Access and Internal Space

Access at the new location is level with a wide door.

Internally the new branch will be in line with Post Office specifications, making sure there is sufficient space for the Post Office service to operate alongside the retail offer. We will be working closely with the postmaster on the internal layout and some fixtures and fittings will be re-aligned or removed to make sure there is clear access into the premises, ensuring the entrance, aisles and the waiting area are kept free from obstructions and adequate room is provided for customers and a wheelchair to move around without difficulty.

Parking/traffic Congestion

Parking and peak time traffic congestion are problems faced generally in many locations nationwide. Whilst the availability of parking spaces is outside the direct control of Post Office Limited, a further review of parking has been carried out, and we can confirm that time restricted roadside parking is available nearby on Winsover Road. Alternatively, Victoria Street pay and display car park is located approximately 160 metres away from the new branch and can also be accessed at the rear of the premises via Short Street 75 metres away.

Serving Positions

The new Post Office is housed within the store with one screen and one open plan serving position located alongside the shop retail counter. This enables customers to carry out the same range of Post Office products and services. The total number of serving positions has been based on future predicted business levels. We have worked with the postmaster, and we will monitor service standards to ensure they are maintained and that staffing levels are aligned to meet customer demand particularly at busy periods.

Principles of Community Engagement on changes to the Post Office network (extract)

A full version of this document is available on our Consultation Hub - postofficeviews.co.uk

We are committed to engaging and supporting our customers and their representatives as we make changes to the Post Office network. The following Principles will be adopted when communicating about changes to your local Post Office branch.

We will **Consult** - where we are seeking feedback on proposals prior to a decision being made on the:

- Permanent closure of a Post Office branch⁵
- Permanent relocation of a Post Office branch (including the franchising of a Directly Managed branch to a new site)

We will carry out a six-week⁶ local public consultation, informing customers, locally elected representatives, Consumer Advocacy Bodies, and selected charities of the proposal. This information will also be made available online and for a Directly Managed branch a press release will be issued to local media. We will ask locally elected representatives to share information with other key community outlets (such as notice boards, local charities, magazines, GP surgeries etc.).

The consultation will ask specific questions on areas where we would like feedback on access to Post Office services and will confirm when the change will happen if the decision is made to proceed. We will provide clear information on any changes to services as well as access to and into the new branch.

We welcome all feedback with the following factors being taken into account in making our decision, which we expect to make within four weeks of the close of consultation:

- Customer access to, into and inside the new or alternative branch/branches with particular regard to vulnerable consumers
- Any local community issues which could be affected by or affect the proposal

At the end of the consultation process we will write to locally elected representatives, Consumer Advocacy Bodies, and respondents to the consultation (where practical) to confirm our decision and provide a summary of key issues raised with a clear response⁵ to each. This information will be made available online and in branch (where possible).

These Principles have been agreed with Citizens Advice, Consumer Scotland and the General Consumer Council for Northern Ireland, the independent statutory consumer advocacy bodies.

What to do if you feel these Principles haven't been followed:

Please get in touch so we can investigate your complaint. We'll explain in our reply whether we believe we have followed our Principles of Community Engagement and will provide you with the contact details for the relevant consumer advocacy body (Citizens Advice, Consumer Scotland, or the Consumer Council for Northern Ireland) if you're not satisfied with our response. The consumer advocacy body will independently assess whether we have followed the Principles of Community Engagement process (rather than the decision itself) and recommend any actions with respect to the complaint.

⁵ There may be a small number of cases where due to circumstances outside our control we have no option other than to permanently close a branch in a particular location. In these cases, the consultation will seek feedback on alternative Post Office service provision in the area.

⁶ If the consultation includes more than four weeks in July in Scotland and Northern Ireland or more than four weeks in August in England and Wales, we will extend the period by one calendar week. We will not start any local public consultation during the two-week period which includes the Christmas and New Year bank holidays.
